Programs

Chemical Dependency Counselor Program

This 34.0 Semester Credit Units (720 clock hours) program requires seven months of training and provides the necessary knowledge, skill and attitude development needed to be effective in the treatment of alcohol and other drug dependency and abuse. The program is designed to provide students that do not have prior experience in the field of Alcohol and Drug Counseling with a competency based educational program that meets certification standards in California in the most time effective manner available today.

Program Objectives: Mission Career College ADC program will provide the needed education and training for those seeking a new and fulfilling career as a Drug and Alcohol Counselor. This course meets the standards of Accreditation by Commission on Alcohol and Drug Counselor Education Programs (CADCEP), and didactic and supervised fieldwork practicum requirement standards of the California Certification Board of Alcohol and Drug Counselors (CCBADC), established by California Association of Alcoholism and Drug Counselors (CAADAC) for certification. A high school diploma, GED or equivalent is required for enrollment. After satisfactorily completing all courses, students will be able to apply for both the CCBADC written examination and upon passing the exam will receive the status as a Certified Alcohol and Drug Counselor Intern. After completion of 4000 hours in the field, the student may sit for the Oral Board Exam and upon passing will receive the CADC I status, and after 2000 hours more of experience will receive the CADC II status.

Time: (evenings and weekends)

M-F 9AM-1:00 PM / 6:00 PM to 10:00 PM

Week-end Fri 6:00 PM to 10:00 PM

Week end Sat. 8:00 AM to 5:00 PM.

Occupational Objectives: MCC program goal is to provide the alcohol and drug treatment field with knowledgeable and skilled counselors. The objective is to meet the requirement and demand for certified counselors, secure employment, and provide the student will advancement opportunities.

The Alcohol and Drug Counseling Studies program includes the following:

COURSE DESCRIPTIONS
